

Adopt-A-Plot Weed Abatement List

The following are invasive plants identified by Mt. Helix Park. Habitat Restoration Volunteers work diligently to try and rid the Park landscape of these species.

To become a Habitat volunteer, contact us at pjunker@mthelixpark.org

Wild Mustard

Horehound

London Rocket

Sow Thistle

Feather Grass (*Pennisetum setaceum*)

Petty spurge (*euphorbia prostrata*)

Common purslane (*portulaca olearcea*)

Tabacco Plant (*nicotiana glauca*)

Pigweed or more accurately lambs quarters (*Chenopodium album*)
